

Nombre/ Name: Barandilla

Raza/ Breed: Galgo

Sexo/ Sex: Female

Fecha de nacimiento / Date of birth: 09/2019 approx

Peso / Weight: 22Kg.

Altura / Height: 62 cm

Estado de las vacunas, castración, desparasitación/State of vaccines, castration, deworming:

She will be chipped, vaccinated and sterilized.

Tested diseases Erlichia, Filaria y Leishmania

Con otros perros, machos o hembras, gatos, niños / With other dogs, males and females, cats and kids:

Barandilla is a greyhound with a fear of people, she has only been in the shelter for a short time and still needs trust, but with a little patience she begins to let himself be petted, and learns to walk on a leash. She will need a family who knows the fears of greyhounds and who is patient with her. She gets along well with all dogs, male and female. Not tested on cats.

Historia del perro / History of the dog:

Barandilla also appeared alone and lost on the roads, another abandonment of the hunters ... She was very scared and to capture her we had to use a cage-trap, and after days we were able to catch her. Now she is safe and gaining confidence day by day.
